EVERGREENS

(Bundles of 25 = \$16.00)

Norway Spruce (Picea abies) 10-20"

This graceful pyramidal has sharp, shiny, dark green needles. Beautiful spreading branches with drooping twigs. An extremely hardy tree that is successful under most soil conditions. Makes a charming Christmas tree, an appealing ornamental specimen, or a protective windbreak. Fastest growing spruce.

Colorado Blue Spruce (Picea Pungens glauca 8-18"

The seed source is of the finest quality from dependable sources. Makes a handsome ornamental specimen, and decorative Christmas tree.

Douglas Fir (Pseudotsuga menziessi glauca) 10-20"

A splendid pyramidal evergreen conifer, with short-stalked flat, dark green or bluish green needles, 3/4" to 1-1/4" long. Bears cones at maturity 2" to 4" long. A rapid grower, hardy tree that grows well in a variety of soils, but does best in deep well-drained soils. Beautiful Christmas tree, picturesque ornamental, windbreak, and can be sheared as a hedge.

Balsam Fir (Nova Scotia) 8-16"

Widely used for Christmas trees and ornamentals. Needles are 1", and have excellent fragrance and retention. Grows best in cool, moist, sheltered locations.

White Spruce (Picea glauca) 10-18"

An extremely hardy evergreen with short bluish-green needles. A rapid grower preferring well-drained loam, but is successfully planted in most other soils. Makes a beautiful Christmas tree, ornamental specimen, when planted as a single or stately windbreak planted in rows.

White Pine (Pinus strobus) 8-18"

A majestic evergreen beauty when planted as a single specimen tree, this very hardy pine grows stately and gracefully tall. Needles are soft and bluish-green in color. Growth can be 12" to 18" per year. Ideal for specimen planting, shade windbreaks and appealing Christmas trees.

Large Size

Bundles of 25 = \$20.00

Canadian Hemlock (Tsuga canadensis) 15-30"

Short flat needles varying from dark green and light green during growing season. A very hardy, easily transplanted conifer grows well in a variety of soils. Prefers part shade, but will do well in full shade or sun. Likes moisture.

GROUND COVER

Vinca minor [Myrtle (Periwinkle)]

The hardiest of ground cover. Has dark lustrous green leaves and lilac-blue or white flowers. Grows well under shade and in areas where grass will not grow. Stays green through Summer and Winter.

Clumps (10-20 Leads) 5/\$5.50

For the Birds! (And us too!!)

Strawberries 10/\$7.00

Albion – Everbearing

Red Raspberries 5/\$13.00

Heritage – Everbearing

Blue Berries 2/\$16.00

- BlueCrop - Large, mid-season
- Duke - High yield
- Jersey - Early producer
- Patriot - Large firm fruit

Elderberries 1-2' \$1.50 ea.

Large, spreading, multi-stemmed

DECIDUOUS TREES

Sugar Maple (Acer sacharum) \$1.50 ea. 18-24"

Among the most shade tolerant of large deciduous trees. Species of maple native to the hardwood forests of northeastern North America. Mature height 82-115 feet.

Pin Oak (Quercus palustris) \$1.50 ea. 18-24"

The best known oak for street and ornamental planting. Forms a symmetrical pyramidal head with drooping branches. Beautiful green foliage of leaves 3" to 5" wide with 5 pointed lobes, bright green leaves turning yellow to radiant red in autumn. Prefers somewhat moist soil. A fast growing tree with light to dark grayish-brown bark. Mature height of 75-80 feet.

Black Walnut (Juglans nigra) \$1.50 ea. 20-30"

Native nut tree of eastern United States. Medium size, round-headed tree known chiefly for its edible nuts and prized for its fine wood in furniture construction. Grows best in fertile, well-drained soil. Height at maturity 50-75 feet.

American Cranberry Viburnum (Viburnum trilobum) \$2.00 ea. 20-40"

Very hardy easy to grow. Fall colors range from yellow to red purple with white flowers. Fruit is scarlet red in fall. Good winter wildlife food. Shrub is 8-12' at maturity with arching branches.

Red Bud (Betula pendula) \$2.00 ea. 24-44"

A slender tree with a pyramid shaped or spreading crown of long, drooping branches. It gets up to 50 ft tall. Likes moist, but well drained soils. Grows in full sun to partial shade. Leaves turn yellow in Autumn.

White Dogwood (Cornus florida) \$2.00 ea. 22-36"

One of the most popular of native flowering trees. In early Spring it is covered with white-petaled flowers; in early Fall with red berries and beautiful crimson leaves.

VISIT: www.erieconservation.com
for order forms

Ordering deadline is March 30. However, some varieties are limited in supply. We recommend that you place your order as early as possible. All orders will be filled in the order they are received!

-
- CHECK must accompany order and include **SALES TAX**
(By law we must collect sales tax on ALL orders)
 - Make check payable to: Headwaters NRC
and mail to: 1927 Wager Road
Erie, PA 16509
814/825-6403
 - No refunds on orders not picked up

Planting survival rates of bare-root seedlings vary from site to site, from excellent to poor. We strive to provide the most viable seedlings. All efforts are made to prevent root stress. The conservation district will **NOT** ensure successful planting of bare-root seedlings, just as our suppliers will not ensure seedling survival. The district is not responsible for mistakes made by the suppliers of our seedling stock.

PICKUP LOCATION

Pickup Date: April 27, 2012

8:30 AM to 4:30 PM at the Waterford Fairgrounds

You will receive a reminder by e-mail or postcard prior to pickup date.

If you would like to receive future mailings by e-mail please provide your e-mail address on the order blank. Your pickup reminder will also be sent through e-mail.
