WHY USE RAIN BARRELS?

- Collect rainwater to water flowers and gardens; and to wash outdoor items such as cars and pets.
- Rainwater is better for your plants — it's fluoride and chlorine free.
- Using rainwater will lower your municipal water usage and your water bill.
- Collecting and reusing rainwater helps cut down on flooding and erosion of the land around buildings.
- Collecting rainwater reduces runoff — the water during rainstorms that washes pollutants into our streams and lakes.

For questions about the Community Rain Barrel Project, please call **(814) 440-3953** or **(814) 825-6403**.
