

Steps for Landowner Funding with PA VinES

Are you interested in cost-share funding to plant cover crops, repair access roads, stop eroding streambanks, or install other best management practices in your vineyard?

If so, then follow the steps below:

Request/Receive copy of the workbook from the Erie County Conservation District

We can help! The Erie County Conservation District staff can answer questions & assist you along the way.

Complete workbook & send copies of your scoresheet & action plan to the District

Complete a one-page Project Application form

Work with District staff to select eligible projects you want to install

The District will complete a ranking sheet for your project

Projects require a 15% match from the landowner, which can include in-kind contribution.

If selected for funding, the Landowner will complete a commitment form & an agreement form

1927 Wager Road, Erie, PA 16509
